

Your own medical record in your home.

Stay in touch with your physician

- Communicating with your physician is as simple as sending an e-mail — but more secure.
- Request renewals of your medications

View your medical information online

- Review your medications, immunizations, allergies and medical history.
- Receive test results online — no waiting for a phone call or letter.
- Review health education topics and discharge instructions provided by your physician.

My Chart gives you direct online access to portions of your electronic medical record (EMR) where your doctor stores your health information. Your lab results, appointment information, medications, immunizations and more are all securely stored for quick retrieval.

My Chart shows you that same information — so you see what your doctor sees!

My Chart also provides new, convenient methods of communication with your doctor's office. Renew prescriptions, send messages and request appointments — all online. Outreach staff can tell you more about My Chart.

You see what your doctor sees.

Requesting or changing an appointment has never been so easy

Manage your appointments

- Request your next appointment online.
- View details of your past and upcoming appointments.

Access your family's records

- Link your family's accounts to yours for convenient access to appointments, immunization records, growth charts and more.

Security

- Your information is safe from unauthorized access because My Chart is password-protected and delivered via an encrypted connection.
